Md. Ziaur Rahman

Advanced ICT Learner | Solar Level 1 & Level 2 Certified

📧 mdkhangroup9090@gmail.com 📱 Phone: +880 1732629066 📍 Location: Nayapara Refugee NRC Camp

---

🎯 Objective Dedicated and detail-oriented technical learner with hands-on expertise in Advanced ICT and specialized Solar Energy Systems (Level 1 & Level 2). Eager to apply practical engineering skills and technical knowledge to contribute effectively to modern technology and renewable energy projects. ---

🛠️ Skills & Expertise * **Information & Communication Technology (ICT):** Advanced ICT concepts, hardware troubleshooting, digital tools, and programming fundamentals. * **Solar Energy Systems:** * **Solar Level 1:** Fundamentals of photovoltaic systems, site assessment, basic installation, and safety protocols. * **Solar Level 2:** Advanced system design, wiring, inverter configuration, maintenance, and troubleshooting. * **General Skills:** Problem-solving, teamwork, documentation, and project management. ---

📜 Certifications & Training * **Solar Level 2 Training** – Completed advanced technical training on solar system installation and maintenance. * **Solar Level 1 Certification** – Certified in foundational solar power generation and safety standards. * **Advanced ICT Course** – Completed comprehensive training in advanced computing and information technology. ---

💼 Projects ### 1. Solar Energy Setup & Analysis (Level 1 & 2) * Designed and evaluated simulated/practical solar panel setups. * Calculated load requirements and ensured safe electrical wiring configurations.

2. ICT Portfolio & Documentation

* Developed and managed digital documentation and repositories using Git and GitHub.

Education : Class Eight

Institution: UNHCR CNRC

Passing Year: 2026
